

Bringing *Joy* Back Into The Classroom:

A Community Dialogue About Brookline Schools

Join parents, educators, students, and members of the community at large to share your experiences, concerns and vision for public education in Brookline.

6:30–8:30 p.m.

Hunneman Hall, Main Library
361 Washington Street

Refreshments will be served

How can our classrooms be a place of joy for all learners? How can we as a community support teachers and build these kinds of classrooms? What are the factors limiting the creation of these classrooms? With a new round of contract negotiations coming up between Brookline educators and the School Committee, what role can those negotiations play in bringing joy back into the classroom?

Please come to share your ideas!

Please RSVP for this event at:
